If you have ideas about themes or topics you would like to cover, please let us know.

Juniors Across Europe / Youth Across Europe

POSTPONED UNTIL 2022

Many of you have been asking us about these events.

At the current time there remains much uncertainty as our different countries try to deal with, in a variety of different ways, new strains of the Covid virus and vaccination programs with varying degrees of success. We very much hope that the newly formed Children's and Youth Commission can plan a safe and fulfilling face-to-face event for 2022, but for now, we continue to watch, wait and pray, and we promise to keep you updated as plans unfold.
